

## Press release

# CapeShade, a fully automatic sunshade design for motor yachts

Imagine beautiful, bright sunlight reflected on a calm sea. Where better to enjoy it than on the after-deck of your own motor yacht? Confident in the knowledge that you can open our unique **CapeShade** with a press of a button. A taut, sag-free sun protector that extends over your sundeck to serve up a helping of refreshing shade.

**CapeShade** is a fully automatic sunshade that extends over the after-deck of motor yachts at a single press of a button. An ingenious mechanical system keeps the fabric taut and sag-free under all conditions. **CapeShade** is made to order and built into the wheelhouse roof.

**CapeShade** is available from your yacht-builder in a wide range of colours and can be equipped with a tasteful and discrete lighting system.
